

# OSAC Trial Patient Packs

## Weekly Temperature Monitoring Log v1.1 (19 July 2013)

The designated member of the OSAC research team (trial centres) or GP practice team (recruiting sites), as recorded on the OSAC Trial Delegation Log, should complete this temperature log once per week (preferably at the same time on the same day) during which the site is involved in the OSAC trial.

<b>Date on which Patient Packs received:</b>	____ / ____ / _____ (dd/mm/yyyy)	<b>Patient Packs to be stored at room temperature, below 25°C</b>
--	-------------------------------------	---

<b>Name of trial centre or recruiting GP practice:</b>		<b>Risk assessment completed and authorised? (yes/no)</b>	
--	--	---	--

Date (dd/mmm/yy)	Time (24hr format)	Minimum Temperature (°C) <i>Accepted minimum = 15°C</i>	Maximum Temperature (°C) <i>Accepted maximum = 25°C</i>	Pass / Fail	Initials
